DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 10-4-07, 7-27-07, 9-21-06 is in compliance. Accordingly, the information disclosure statement is being considered by the examiner.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 17 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 17, the preamble sets forth an apparatus claim, however, the applicant as set steps which would identify a method claim. Although the applicant has provided antecedent basis for specific components that would suffice to show an apparatus claim, it is not clear if a method or apparatus claim is being established.

Allowable Subject Matter

4. Claims 1-16 are allowed.

The following is an examiner's statement of reasons for allowance:

The cited prior art does not disclose nor suggest extracting time series data of acceleration due to tire deformation from acquired measurement data in a radial direction, subjecting the time series data of acceleration due to tire deformation to a time integration of second order to obtain displacement data, thereby calculating a deformation in the tread portion of the tire.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art as cited on the 892 is made of record and not relied upon but considered pertinent to applicant's disclosure.
